- Students are required to attend the workshop to qualify for entry into the regional competition.

## Introduction

Empowering youth with financial literacy and the tools to realize their dreams. Our holistic program equips young individuals with essential financial skills and fosters a mindset of social responsibility. By providing practical tools and opportunities, we empower youth to take control of their financial future while positively impacting their communities.

## Program Highlights

Participants embark on a journey of financial awareness, capability, and social inclusion. Led by business volunteers and mentors, engaging activities, interactive online modules, family involvement, community outreach, and regional exchanges create a multifaceted learning experience. Here, participants gain vital financial literacy skills in a diverse and engaging environment.

## Sessions

### Session 1: Money that Matters I

01

Students will learn about money's role in daily life, understand earning, saving, and spending, differentiate needs from wants, and appreciate saving's benefits.

### Session 2: Money that Matters II

02

Students will learn budgeting and its benefits, practicing with the JA SparktheDream Card Game for money management skills and wise financial decisions.

### Session 3: Live My Dreams

03

Students will discover their skills, interests, and values while learning about community needs. They'll develop creative solutions with user-centric thinking.

### Session 4: Sharing is Caring

04

Students will realize their community impact, working together to devise a social innovation plan and present it. They'll express creativity and gain confidence along the way.

### Session 5: Online Learning Platform

An online platform supports students' learning outside of sessions with volunteers. It offers games, quizzes, and activities to reinforce concepts covered earlier.

05

### Session 6: Family, Peers and Community Engagement

- Family involvement with a Family Activity Guide.
- Students become Student Ambassadors to share their learning.
- An annual regional exchange event connects students across Asia Pacific.

06

## Student Takeaways

- Understanding of financial literacy and social inclusion.
- Skills for informed financial decisions and stability.
- Improved creativity, design thinking, and livelihood skills.
- Demonstrated resilience and self-efficacy.
- Experience in teamwork and interpersonal skills.
- Interaction with business professionals.
- Participation in an annual regional event with students from other countries.

## About JA Malaysia

JA Malaysia, a vital part of the global JA Worldwide network, empowers Malaysian youth with practical learning in entrepreneurship, work readiness, and financial health. With dedicated teachers and volunteers, we're making a transformative impact. Recognized globally and nominated for the Nobel Peace Prize, JA Worldwide exemplifies the commitment needed to shape a bright future for our young leaders. Together, JA Malaysia and JA Worldwide are opening doors to endless opportunities for Malaysian youth.
